

SPK receives "Best Safety Recognition Award" from Honda Atlas Cars (Pakistan) Limited.

We are pleased to announce that SANPAK ENGINEERING INDUSTRIES (PVT) LTD. (hereinafter referred to as SKP), a Non-consolidated Affiliate of our company, has received the Best Safety Recognition Award from Honda Atlas Cars (Pakistan) Limited. This award, newly established this year, is given to organizations that have made outstanding efforts in creating a safety culture.

SPK manufactures and sells automotive air conditioning systems and parts in Pakistan. It was established in 1993 by our current local partner. Since then, it has been recognized as a pioneer in automotive air conditioning technology in Pakistan, and in 1998, we joined the company as a joint venture partner.

The Best Safety Recognition Award is given to organizations that have made outstanding efforts in workplace safety, accident prevention, and creating a safety culture within their operations. The purpose of this award is to encourage continuous improvement of safety measures and emphasize the importance of keeping workers safe while working.

The Sanden Group has positioned "safety & health" as one of its basic principles in its corporate philosophy and is working company-wide to ensure the safety and health of its employees as stated in the policy, "We will realize the comfort and affluence of our employees and ensure a comfortable working environment that takes into account safety & health, and health." In accordance with these principles, we established the "Safety and Health Charter" in November 2000 and clarified our philosophy and action guidelines, thereby working as a group to create a comfortable work environment where employees can work safely and securely.

The Sanden Group will continue to place importance on safety and health and to supply valuable products, systems and services to the market.
